## 3SU1050-1HA20-0AA0

EMERGENCY STOP mushroom pushbutton, 22 mm, round, metal, shiny, red, 40 mm, positive latching, acc. to EN ISO 13850, pull-to-unlatch mechanism

| product brand name   | SIRIUS ACT                          |
|--|-------------------------------------|
| product designation  | EMERGENCY STOP mushroom pushbuttons |
| design of the product  | Actuating/signaling element         |
| product type designation   | 3SU1                                |
| product line   | Metal, shiny, 22 mm                 |
| Enclosure  |                                     |
| number of command points   | 1                                   |
| Actuator   |                                     |
| design of the actuating element  | positive latching                   |
| principle of operation of the actuating element  | latching                            |
| product extension optional   |                                     |
| light source   | No                                  |
| contact module   | Yes                                 |
| color  |                                     |
| <ul> <li>of the actuating element</li> </ul>   | red                                 |
| material of the actuating element  | plastic                             |
| shape of the actuating element   | round                               |
| outer diameter of the actuating element  | 40 mm                               |
| type of unlocking device   | pull-to-unlatch mechanism           |
| number of switching positions  | 2                                   |
| Front ring   |                                     |
| product component front ring   | No                                  |
| General technical data   |                                     |
| product function   |                                     |
| <ul> <li>positive opening</li> </ul>   | Yes                                 |
| <ul> <li>EMERGENCY OFF function</li> </ul>   | Yes                                 |
| EMERGENCY STOP function  | Yes                                 |
| protection class IP  | IP66, IP67, IP69(IP69K)             |
| degree of protection NEMA rating   | 1, 2, 3, 3R, 4, 4X, 12, 13          |
| shock resistance   |                                     |
| according to IEC 60068-2-27  | sinusoidal half-wave 15g / 11 ms    |
| vibration resistance   |                                     |
| according to IEC 60068-2-6   | 10 500 Hz: 5g                       |
| operating frequency maximum  | 600 1/h                             |
| mechanical service life (operating cycles) typical   | 300 000                             |
| reference code according to IEC 81346-2  | S                                   |
| Substance Prohibitance (Date)  | 10/01/2014                          |
| Safety related data  |                                     |
|  |                                     |
| <ul> <li>proportion of dangerous failures</li> <li>with low demand rate according to SN 31920</li> </ul> | 20 %                                |

| 31920         B10 value with high demand rate according to SN 31920         100 000         IEC 62061         20 a         Ambient conditions         ambient temperature         • during operation         • during operation         • during operation         • during operation according to IEC         OMME 332, 382, 3C3, 3K6 (with relative air humidity of 10 95%)         OTH 300 000         Installation / mounting/ dimensions         shape of the installation opening         round         mounting diameter       22.3 mm         positive tolerance of installation diameter         0.4 mm         installation depth         A 26.3 mm         Approvals Certificates         General Product Approval  |
